Before you can conduct queries or report drug and alcohol program violations in the FMCSA Commercial Driver’s License Drug and Alcohol Clearinghouse, you must complete the registration process. Once registered, you can designate a consortium/third-party administrator (C/TPA) to access the Clearinghouse on your behalf.

Designating a C/TPA is a requirement for owner-operators (employers who employ themselves as CDL drivers, typically a single-driver operation). Owner-operators must designate a C/TPA before they can conduct queries or report violation information in the Clearinghouse.

The steps you will take to register as an employer in the Clearinghouse will depend on whether or not you have an FMCSA Portal account. The FMCSA Portal is a web system that allows employees of motor carriers to access FMCSA web systems. If your company has, or should have, a USDOT Number, you should request an FMCSA Portal Account prior to registering for the Clearinghouse.
Create a Login.gov Account
Accessing the Clearinghouse requires the creation of an account with login.gov, a shared service that offers secure online access to participating government systems, including the Clearinghouse. If you do not have a login.gov account, or would like to create a new one, you will need to follow the steps below.

During the login.gov registration process, after 15 minutes of inactivity, the current page will clear whatever information is entered into data fields.
On the login.gov sign in screen, click **Create an account**.

Or, if you already have a login.gov account, enter your credentials on this screen, click **Sign In** and go to step 10.

The FMCSA Drug & Alcohol Clearinghouse is using login.gov to allow you to sign in to your account safely and securely.

Enter your email address and click **Submit**. This is the email address the Clearinghouse will use to send you notifications about your Clearinghouse account. This email address will also be used to identify you in the Clearinghouse, and cannot be modified.

Check your email and open the email from no-reply@login.gov, with the subject line **Confirm your email**.

Click **Confirm email address**, or copy and paste the link into a web browser.
Create a password. This password must be at least 12 characters long. If the password you enter is not strong enough, you will not be able to continue. Enter a strong password and click **Continue**.

Select an option to secure your account and click **Continue**.

Login.gov requires the completion of a user verification process to ensure the proper person is using those credentials. Follow the instructions for the method you select.
Enter your security code and click **Submit**. This code will be provided via the method you selected. The screenshot below illustrates the SMS phone method.
Once you have completed setting up your first authentication method, you will be prompted to set up a second authentication method. You'll only use one authentication method to sign in, but you will need to set up two methods in case you lose access to one. **Repeat steps 6 and 7 to set up your second method.**

You have created your login.gov account. Click **Continue** to return to the Clearinghouse website and complete your Clearinghouse registration.
Register for the Clearinghouse
Once you have a login.gov account, you can complete your registration in the Clearinghouse. Follow the steps below.

Select your role (employer), and click Next.

If you are unsure if you are covered by the Clearinghouse rule, see the box labeled "Are you covered by DOT Drug and Alcohol Testing Regulations?" and click Find out.
If you have an FMCSA Portal Account
If you have an FMCSA Portal Account, select Yes, and click Next. If you do not have an FMCSA Portal Account, skip to page 17.

11. Select Yes, and click Next.

12. Enter your Portal username and password and click Sign In.

If your Portal account has not been granted access to the Clearinghouse, you will need to log into your FMCSA Portal account to request this access before you can link your Portal and Clearinghouse accounts.
Review your contact information. You may also add an alternate phone number. Click **Next**.

If you need to update your personal contact information, you will need to log into your FMCSA Portal account to make any necessary changes. You will not be able to make these changes in the Clearinghouse.
If you serve as a Clearinghouse Administrator for more than one company, you will need to register each company separately. Select the company you would like to register first from the dropdown menu and click **Next**. If you are the Administrator for one company only, you will not see this step.
Review your company’s information. You will need to indicate whether you are an owner-operator (that is, an employer that employs himself or herself as a CDL driver, typically a single-driver operation). Make a selection and click Next.

If your company information needs to be updated, you will need to update your company’s registration with FMCSA. You will not be able to make this change in the Clearinghouse.
If you are working with a consortium/third-party administrator (C/TPA), you will need to designate your C/TPA in the Clearinghouse. This allows your C/TPA to access the Clearinghouse on your behalf. **This step is required of all owner-operators.**

Enter the name of your C/TPA in the field labeled **Who is your C/TPA?** and **click on the search icon**, or hit **Enter**.
This will generate a list of registered C/TPAs that match your search terms. Locate your C/TPA in the list and click **Designate** on the appropriate line.

A C/TPA must be registered in the Clearinghouse before you can designate them. If you do not see your C/TPA in your search results, contact them to confirm they have completed their Clearinghouse registration.
For each C/TPA you designate, you will be prompted to authorize them to perform specific functions on your behalf. The functions available for selection are: **Report Violations**, **Report RTD Information**, and **Conduct Queries**. Once you have finished designating C/TPA(s) and authorizing them to perform these functions, click **Next**. This will send a request to the C/TPA(s) to confirm your designation.

Note to owner-operators: You must authorize at least one C/TPA to report violations and at least one C/TPA to report negative return-to-duty (RTD) information, including negative RTD test results and successful completion of RTD follow-up plans. You may authorize one C/TPA to fulfill both these functions. You may also authorize C/TPAs to conduct queries, however this action is not required to be performed by a C/TPA.
Your Clearinghouse registration is complete.

You will be directed to your Dashboard, a logged-in homepage for your Clearinghouse activity. This is where you will come to designate C/TPAs, invite and manage Clearinghouse Assistants, report drug and alcohol program violations, conduct queries, and purchase query plans.

**DESIGNATE YOUR C/TPA(S)**
