- Violation information will be retained in the Clearinghouse for **5 years**, or until the RTD follow-up testing has been completed, whichever is later.

## Key Points

- A drug and alcohol program violation can be recorded even if the driver is not registered in the Clearinghouse.
  - The Clearinghouse will associate the violation with the driver's CDL information.
- MROs and SAPs have reporting functions only.
  - Cannot access driver violation records, due to privacy requirements.
  - Can review only violation information they or their Assistants have entered in the Clearinghouse.

## Key Points

	What information does this query provide?	When is this query required?	How is consent provided?
<b>LIMITED QUERY</b> 	<p>Verify presence of driver information in the Clearinghouse</p> <p>If information is discovered, a full query is required</p>	<p>Annual check on currently-employed driver</p> <p>Ad hoc/periodic check on driver</p>	<p>General consent, done outside the Clearinghouse</p> <p>May be electronic or wet signature, one time or unlimited</p>

## Key Points

- The Clearinghouse will maintain a history of an employer's full and limited queries, including those conducted by a designated C/TPA.
  - This will include records of the driver's response to consent requests for full queries.
- Employers will need to retain records of drivers' **limited consent** for **3 years**.
- Employers must purchase a query plan to enable their users or their designated C/TPAs to conduct queries.
  - Query plans may only be purchased from the Clearinghouse website.
  - C/TPAs cannot purchase query plans.

## Key Points

- The Clearinghouse will improve safety on our Nation's roadways.

Real-time access to  
"Driver Prohibited" status

Better insight into employer  
compliance with drug and  
alcohol testing rules

More difficult for drivers to  
conceal drug and alcohol  
violations from current and  
prospective employers

Provides tool for employers  
to meet pre-employment  
investigation and reporting  
obligations

# Using the Clearinghouse Enforcement Personnel

---

  - Use **Query Central** or **CDLIS Gateway** to determine if a driver is prohibited from performing safety-sensitive functions
  - Request proof of registration and queries conducted from employers and/or Division office
- FMCSA personnel will access Clearinghouse using Portal credentials
- Employers must be able to:
  - Produce copies of Clearinghouse information for the investigator (if requested)

## Roadside Inspections

---

- Process remains the same
- Check **Query Central** or **CDLIS Gateway**
  - Will provide additional information on driver's Clearinghouse status

### Request Driver Consent

You must obtain the driver's specific electronic consent. This step is required before FMCSA can release to you the information in the driver's Clearinghouse record.

To obtain the driver's electronic consent:

1. Click "Send Consent Request" below.
2. The driver will need to register for the Clearinghouse (if they have not already done so), log into the Clearinghouse, and respond to this request.
3. You will receive a notification once the driver provides, or refuses, his or her consent.

Your Query Balance will be adjusted upon sending this consent request. If the driver refuses his or her consent, your Query Balance will be credited.

## Drivers Respond to Consent Requests in the Clearinghouse

- Drivers must be registered in the Clearinghouse to provide consent for pre-employment and full queries
- Employers must obtain a driver's consent before querying the driver's violation information
- Drivers who refuse their consent cannot perform safety-sensitive functions (including operating a CMV) for that employer
