

How to Report RTD Information: Employers

Return-to-Duty Reporting Requirements

The return-to-duty (RTD) process outlined in Part [40 Subpart O](#) has not changed. However, employers must report parts of the RTD process in the FMCSA Commercial Driver’s License Drug and Alcohol Clearinghouse (Clearinghouse).

An employer may designate a consortium/third-party administrator (C/TPA) in the Clearinghouse to assist with meeting these reporting requirements. An employer must designate their C/TPA in the Clearinghouse and indicate that the C/TPA has permission to report RTD information on the employer’s behalf. A C/TPA must accept an employer’s designation before they can access the Clearinghouse and report RTD information (to receive this request, the C/TPA must be registered in the Clearinghouse).

Even if they designate a C/TPA, the employer retains ultimate responsibility for compliance.

IF YOU ARE A DESIGNATED C/TPA REPORTING RTD INFORMATION ON AN EMPLOYER’S BEHALF, SEE THE [REPORTING RTD INFORMATION FOR C/TPAs JOB AID](#) FOR INSTRUCTIONS.

Which types of RTD information are employers responsible for reporting?

Both employers and substance abuse professionals (SAPs) are required to report information about a CDL driver’s RTD process in the Clearinghouse, per § [382.705](#). The table below identifies who is responsible for reporting specific information to the Clearinghouse throughout the RTD process. [Learn more about the RTD process.](#)

| Responsible Reporting Entity | RTD Information Reported to the Clearinghouse | Timeframe for Reporting |
|--------------------------------|--|---|
| Designated SAP | Date of initial SAP assessment | SAPs must report the date of completion of an initial SAP assessment and the date of determination of eligibility for RTD testing by the close of the business day following the assessment or determination. |
| | Date the driver is determined eligible for RTD testing | |
| Employer of CDL Driver* | Negative RTD test result(s) | Employers must report RTD information by the close of the third business day following the date on which the employer obtained the information. |
| | The date the driver’s follow-up testing plan is successfully completed | |

**Owner-operators—employers who employ themselves as CDL drivers, typically a single-driver operation—are required to designate a C/TPA in the Clearinghouse. Owner-operators may choose to report RTD information for any other drivers they employ, however, the C/TPA has the responsibility to report any RTD information pertaining to the owner-operator.*
